ADDITIONAL INFORMATION

- Proficient in front-end web development technologies including HTML5, CSS3, and JavaScript, with a focus on responsive design principles to create engaging user experiences across various devices.
- Experienced in utilizing modern JavaScript frameworks such as React.js and Vue.js to build interactive and dynamic web applications, incorporating state management libraries like Redux and Vuex for scalable solutions.
- Skilled in back-end development using Node.js and Express.js, with expertise in building RESTful APIs and integrating with databases such as MongoDB and MySQL for robust server-side functionality.

SUMMARY

Professional and dedicated web developer who is highly experienced in managing effective teams. Offers expertise in data marketing analysis and revising websites to ensure user satisfaction. Looking to manage a strong team of developers while helping to maximise profits for a successful company.

EXPERIENCE

May 2023 - May 2024

Web Developer Tech Force Pakistan | Karachi, Pakistan

"My experience with Institute Tech Force Pakistan involved intensive coursework in HTML, CSS, JavaScript, and various frameworks such as React and Node.js. Additionally, I developed a solid understanding of database management systems and backend technologies crucial for building dynamic web applications."

"I had the opportunity to work on real-world projects during my time at Institute Tech Force Pakistan, collaborating with peers and mentors to design and implement web solutions from concept to deployment. These experiences honed my problem-solving abilities and taught me to adapt to the evolving demands of the web development landscape."

EDUCATION

2019

Higher National Diploma | Fsc pre-medical
Karachi Collage, Karachi

HOBBIES AND INTERESTS

- Passionate about Coding and Data Science: With a fervent interest in leveraging technology to solve complex problems, I am deeply engaged in the realms of coding and data science.
